Professional Summary

Software Engineer with expertise in building and deploying modern web applications using JavaScript, React.js, Next.js, TypeScript, Node.js, and ASP.NET Web API. Focused on writing clean, scalable code and delivering seamless user experiences.

Education

East Delta University, Chittagong, Bangladesh Graduated: Dec 2025
• Bachelor of Science in Computer Science and Engineering | GPA: 3.49/4.0
• **Coursework:** Object Oriented Programming, Data Structures, Algorithms, Database, Artificial Intelligence, Software Engineering, Operating System.

Gulf Asian English School, Sharjah, UAE Graduated: July 2020
Senior School (CBSE)

Technical Skills

Programming Languages: TypeScript, JavaScript, HTML5, CSS3, Python, C#, SQL
Web Frameworks: Next.js, React.js, Node.js, Express.js, ASP.NET Web API, Redux, Zustand, React Query
Database Systems: PostgreSQL, MongoDB, SQL Server, Prisma, Entity Framework
Machine Learning & AI: OpenCV, NumPy, Pandas, Keras, Matplotlib, NLP
DevOps & Version Control: Git, GitHub, Docker, Postman, Render, JIRA
Miscellaneous: Academic Research, Data Structures & Algorithms, Google Workspace, Technical Writing

Experience

Undergraduate Researcher, East Delta University – Chittagong, Bangladesh June 2025 – Sept 2025
• Developed an automated Bangladeshi License Plate Detection and Recognition system using deep learning as part of an undergraduate thesis.
• Designed a hybrid OCR pipeline combining YOLOv8 and a custom EfficientNetB0 CNN with EasyOCR, improving recognition accuracy from 74% to 94.9%.

Participant, Learnathon 3.0, Geeky Solutions – Sponsored by Brain Station 23 Jan 2025 – Apr 2025
• Participated in an intensive training program focused on **project management** and industry best practices.
• Gained hands-on experience in **cross-platform development** with Flutter and collaborative workflows.

Publications

• S. Rahman, M. S. Al Ahsan, S. Adhikary and M. J. Uddin, "License Plate Detection and Recognition for Bangladeshi Vehicles," 2026 5th International Conference on Electrical, Computer & Telecommunication Engineering (ICECTE), Rajshahi, Bangladesh, 2026, pp. 1-6, doi: 10.1109/ICECTE69292.2026.11429408.

Projects

ReelDash – Short-Video Sharing Platform | GitHub Nov 2025
• Designed and developed a modern short-video sharing platform delivering a **seamless** and **interactive** user experience.
• Built a responsive UI using **Next.js 15** and **Tailwind**, featuring an infinite-scrolling video feed, playback controls, subscriptions, and watch history.
• Implemented secure **JWT authentication** with **refresh token rotation** using HTTP-only cookies.
• Developed a media upload and processing pipeline using **Multer** and **Cloudinary**.
• **Technologies:** Next.js, TypeScript, Tailwind, Zustand, MongoDB, Cloudinary, Express.js, React Query, Render

- Developed a modern, full-stack hotel booking platform with a strong focus on user experience and maintainability.
- Built a responsive UI using **React.js** and **Shadcn UI** with advanced filtering, sorting, pagination, and toast notifications.
- Developed **RESTful APIs** using **Express.js** to handle authentication, booking management, hotel listing, and payment endpoint.
- Deployed the backend on **Render** with automated **CI/CD** triggered by repository updates.
- **Technologies:** React.js, TypeScript, Tailwind, MongoDB, Express.js, Stripe, React Query, Render, Playwright

Achievements

- Solved 500+ Data Structure and Algorithm problems on Codeforces and LeetCode.
- Achieved **Runner-up** position at **Learnathon 3.0** with Flutter Stack.
- Research paper "*License Plate Detection and Recognition for Bangladeshi Vehicles*" accepted and presented at the (ICECTE 2026), co-sponsored by IEEE.

Certifications

- **Runner-up, Learnathon 3.0 Competition** – Geeky Solutions
- **Dean's List Certificate** – Achieved 3.5+ GPA in multiple semesters
- **100 Days of Code – 2024 Web Development Bootcamp** – Certificate of Completion
- **Docker Course from Basic to Advanced** – Certificate of Completion
- **MySQL Database Development Mastery** – Certificate of Completion
- **ICECTE 2026** - Certificate of Contribution for research paper "*License Plate Detection and Recognition for Bangladeshi Vehicles*", accepted and presented at RUET (29–31 January 2026)

Languages

- English – Full Professional Proficiency
- Bengali – Native
- Hindi – Professional Proficiency
- Arabic – Basic Proficiency
- German - Basic Proficiency
